Foreword

The Arizona Genealogical Advisory Board (AzGAB) is the umbrella group for Arizona genealogical societies. The Statement of Purpose is:

- The primary purpose of AzGAB is to improve communications among genealogical societies, libraries with genealogical collections, professionals, and the general public.
- AzGAB will express its concern regarding records preservation and public access to records.
- Further, AzGAB will promote such special projects as the organization allows.
- Membership shall be open to any genealogical society, group, library, professional or individual sharing these purposes within the state of Arizona without taking autonomy from any organization or individual or acting in any supervisory capacity.

Because improving communications is so important, AzGAB is issuing its fourth AzGAB Speakers Bureau Directory containing 30 names of Arizona speakers, as well as national speakers. We hope the directory will be of assistance to those who are program chairpersons or seminar planners.

We included national speakers as a service to AzGAB member societies. Many seminar planners are faced with choosing suitable speakers for their annual conference. The national speakers included in this directory have given speeches in Arizona within the past 3 years. Most of them have listed the Arizona sponsoring society in their listings of "recent engagements". Please feel free to contact the previous sponsoring society for information.

My thanks to the speakers who took the time to complete the form and to Betsy Howard, AzGAB Secretary, for formatting the directory for me. The AzGAB Board hopes that this directory will be a well-used source in your society! If AzGAB can be of assistance to any genealogical society, please contact any of the officers or visit our webpage at www.azgab.org/. We would love to hear from you!

Linda Caldwell McCleary
AzGAB Speakers Bureau Directory Co-Chair
